GENERAL INFORMATION

PREFACE

The Pierre A. Capdau Charter School Handbook contains both required and useful information for students and parents. This handbook consists of laws, regulations, procedures, codes, and policies concerning the rights, duties, and obligations of students, parents, and school personnel. No one has the right to interfere with the student's right to learn or the teacher's right to teach. If any particular kind of conduct has the effect of disrupting the order, discipline, safety, or educational atmosphere of the school, then the school has the right to regulate it. If the conduct is clearly unacceptable, the school has the right to regulate it without an advanced statement of policy regarding the particular conduct. Cooperation between the home and school will reduce misunderstanding and indifference which can undermine student success in the educational process. Emphasis is placed upon the right of all responsible students to accept the challenge to benefit from their educational program. The duty of the New Beginning School Foundation is to maintain an environment conducive to learning. The purpose of this handbook is to provide information which will aid in fostering orderliness in the school and to help balance the rights of students, parents, and school personnel. While the school is concerned with the welfare of the individual, it is also concerned with the welfare of the group by preserving the proper atmosphere for teaching and learning. The school ultimately seeks to provide a safe environment for its students and teachers. The Student/Parent Handbook is reviewed and revised during the spring semester of each school year. Any parent wishing to make suggestions or express concerns should contact his/her school principal or mail written suggestions to the following: Shawanda Raphael, Executive Assistant, New Beginnings School Foundation

GUIDE FOR PARENTS WITH QUESTIONS & GRIEVANCES

A parent is always welcome to "go to the top" with a question, but the most efficient way to get an answer is to ask the person closest to the problem. Please adhere to the following time-saving steps:

1. If the concern is about your child, call the school and make an appointment with the persons directly involved with the specific concern.
2. If the concern is about the school, call the school secretary who will either answer your questions or direct you to the principal for a direct answer or an appointment. Any parent or visitor is encouraged to visit the schools; however, he/she must report to the principal's office and upon arrival must verify who they are and the purpose of their visit. Noncompliance with school policy shall be considered trespassing, and trespassers will be subject to arrest.
3. If the concern is about the school system in general, call New Beginnings School Foundation. The phone number is 504-280-2309.

What is a Charter School?

Charter schools are public schools run independently of the traditional public school system. These schools receive public funding and are held accountable by an agreement (a charter) with either the state or a local school district. All charter schools are tuition free and must be governed by a non-profit board; however, the non-profit board may elect to hire a for-profit education firm to manage its school.

Charter schools in Orleans Parish are chartered either by the state Board of Elementary and Secondary Education (BESE) or by the Orleans Parish School Board. Most BESE-approved charter schools are under the direct oversight of the RSD.

Charter schools that are part of the Recovery School District must be open to any student in Orleans Parish and may not select students based on their grades, past behavior or any other selective criteria. These schools must provide free transportation to students who live more than one mile from the school. These schools must be open to all students with special needs.

The specific rules governing charter schools established by the Orleans Parish School Board vary based on the individual agreement (or charter). In some cases, the schools have established selection criteria based on academic performance and/or behavior, while others have open enrollment policies.

ATTENDANCE

COMPULSORY ATTENDANCE AGES

Every parent, tutor, or other person residing within the state of Louisiana having control or charge of any child from that child's seventh birthday until his eighteenth birthday shall send such child to a public or private day school, unless the child graduates from high school prior to his eighteenth birthday. Any child below the age of seven who legally enrolls in school shall also be subject to the compulsory school attendance law.

Failure to abide by the compulsory school attendance law or continued misbehavior at school may result in a referral to Families in Need of Service (FINS) which is a state mandated program supervised by the 15th Judicial District Court. FINS attempts through contract, to help alleviate the problems that may be related to poor attendance or misbehavior at school. A breach of the FINS contract may result in a mandatory court session. Students in grades K through 5 who accumulate excessive absences will be referred to the Truancy Assessment and Service Center (TASC), a division of FINS. Truancy problems will be handled in a similar manner to that of FINS.

Louisiana law provides that the parent or guardian of any child who is absent or tardy (unexcused) more than five times in a school semester may be prosecuted in a court of law. (Act 745 of 2008)

Louisiana law provides that the attendance of all school pupils shall be checked each school day and at the beginning of each class period. No elementary or secondary student is permitted for any reason or reasons to absent himself during the school day upon his own authority.

If a child of compulsory school age was a resident of this parish when school opened and entered late without having attended another public school or private school during the current school session either in or out of the parish, a statement is needed from the parents or guardian giving reasons why the child has not been in school. If these reasons are not satisfactory, the matter shall be referred to the Supervisor of Child Welfare and Attendance, who may find it necessary to refer it to the proper authority.

A student over the age of compulsory school attendance may be transferred from the school to adult education for disciplinary problems, including poor attendance, under RS 17:224.B.

ATTENDANCE POLICY

Attendance helps to foster an attitude of responsibility and is essential to the instructional program. A student not yet 18 years of age comes under Louisiana Law, Act 109 of 1964, LA RS 17:221, which states that the parent/guardian is responsible for the student's regular attendance in school and can be held accountable by the courts if a referral becomes necessary.

A student is considered to be in attendance when he/she is physically present at a school site or is participating in an authorized school activity and is under the supervision of authorized personnel. This includes students who are homebound, assigned to and participating in drug rehabilitation programs or participating in school-authorized field trips. A student is considered to be in attendance based on the following percentage of attendance at school during an instructional day: 25% or less than or equal to 50% (26% to 50%) = ½ day attendance; more than 50% (51% to 100%) = full day attendance.

The following are guidelines for absenteeism. All absences are classified as follows:

Non-Exempted, Excused Absence(s)

Absences incurred due to personal illness or serious illness in the family (documented by acceptable excuses, including a parental note) which are not considered for purposes of truancy, but which are considered when determining whether or not a student is eligible to make up work and tests, receive credit for work completed, and receive credit for a course and/or school year completed.

Exempted Excused Absence(s)

Absences which are not considered for purpose of truancy and which are not considered when determining whether or not a student is eligible to make up work and tests, receive credit for work completed, and receive credit for a course and/or school year completed. These are absence(s) with doctor's excuse (returned within three days of absence), and/or other special reasons as authorized by the principal. An excused absence allows a student to make up work for the days missed.

Unexcused Absence(s)

Any absence(s) not meeting the requirements set forth in the excused absence and extenuating circumstances definitions, including but not limited to absences due to any job (including agriculture and domestic services, even in their own homes for their own parents or tutors) unless it is part of an approved instructional program. Students shall be given failing grades in those days missed and shall not be given an opportunity to make up work.

Suspension

A non-exempted absence in which a student is allowed to make up his work and is eligible for consideration for credit provided it is completed satisfactorily and in a timely manner. The absence is considered when determining whether or not a student may or may not be promoted, but is not considered for purpose of truancy. Students absent from school as a result of any suspension shall be counted as absent.

All absences (Non-Exempted, Excused Absence(s), Unexcused and/or Suspension, Codes E, U, S) are counted (Except Extenuating Circumstances) in carrying out the following state and parish guidelines for high school and elementary students. These absences are counted against the attendance criteria for school credit or promotion. Codes D and N do not count against the attendance criteria. (D) means doctor's excuse and (N) means extenuating circumstances.

The only exception to the attendance regulation shall be the enumerated extenuating circumstances that are verified by the Supervisor of Child Welfare and Attendance:

Extenuating Circumstances

1. Extended personal, physical or emotional illness as verified by a physician or dentist.
2. Extended hospital stay as verified by a physician or dentist.
3. Extended recuperation from an accident as verified by a physician or dentist.
4. Extended contagious disease within a family as verified by a physician or dentist.
5. Observance of Special and recognized Holidays of the student's own faith.
6. Military deployment/leave of parent.

The only other exception to the attendance regulation shall be other absences that are verified by the Principal or his/her designee as follows:

1. Prior school system approved travel for education.
2. Death in the family (not to exceed one week---i.e. death certificate or obituary).
3. Natural catastrophe and/or disaster.
4. Court ordered subpoenas and documented legal matters.
5. Absences due to school approved activity. Students shall be considered present and shall be given the opportunity to make up work.

For any other extenuating circumstances, the student's parents or legal guardian must make a formal appeal with Pierre A. Capdau Charter School.

THE STUDENT MUST BRING A WRITTEN EXCUSE TO THE PRINCIPAL OR HIS DESIGNEE IN ORDER TO OBTAIN AN ADMIT SLIP WHICH WILL INDICATE EXCUSED OR UNEXCUSED ABSENCE(S). ALL DOCUMENTATION OF EXCUSED AND UNEXCUSED ABSENCE(S) IS KEPT ON FILE AT THE SCHOOL LEVEL.

ALL EXCUSES SHALL BE WRITTEN BY A PARENT/GUARDIAN OR PHYSICIAN AND RETURNED TO THE PRINCIPAL OR HIS DESIGNEE WITHIN THREE (3) DAYS OF THE STUDENT'S RETURN TO SCHOOL. EXCUSES RETURNED AFTER THREE (3) DAYS ARE UNEXCUSED.

Attendance Criteria

All absences are counted in carrying out state and parish guidelines for high school and elementary students. High school students can miss no more than six (6) days in a semester course or twelve (12) days in a full year course to be eligible for credit. At the end of the semester or school year, the school will determine if credit is to be granted for semester/full year courses. Those students who have been denied credit will have the opportunity to appeal by appearing with their parent/guardian to Pierre A. Capdau Charter School within one week after the end of the first semester or two weeks after the end of the school year.

An elementary student can miss no more than twelve (12) days per year to be eligible for promotion. At the end of the school year, the school will determine if promotion is denied. Those students who have been denied promotion due to excessive absences will have the opportunity to appeal by appearing with their parent/guardian to Pierre A. Capdau Charter School. Appeals must be made within two weeks after the end of the school year.

This policy is intended to help you, the parent/guardian, give your child an opportunity to obtain the **best** education possible. If you have any questions, please call your school principal or the Child Welfare and Attendance office.

School Discipline Policy and Procedures

Positive Behavioral Support

Pierre A. Capdau Charter School works to maintain an environment where students are free to achieve academically and develop and mature socially. The schools will promote the 5 student expectations which are Respect, Responsibility, Safety, Problem Solving, and Able to follow directions. This Discipline Policy partners with the system-wide implementation of *Positive Behavior Support* to cultivate student academic and behavioral success.

Pierre A. Capdau Charter School has organized school-wide systems of support that include proactive strategies for defining, teaching, and supporting appropriate student behaviors to create positive school environments. This system makes use of a range of positive behavior support for all students within the school and is implemented in all areas including the classroom and all ancillary settings (such as hallways, restrooms, and cafeteria). Attention is focused on creating and sustaining primary (school-wide), secondary (classroom), and tertiary (individual) systems of support that improve lifestyle results (personal, health, social, family, work, recreation) for all children by making desired behavior the norm, while problem behavior decreases significantly.

The following Discipline Policy contains specific student conduct rules and identifies sanctions enforced when student misconduct result in the disruption of the educational process or infringement on the right of others. It applies to all Pierre A. Capdau Charter School students. The Board of Directors recognizes the necessity for a safe, orderly, and effective environment for learning. The philosophy of our program can be summarized as follows:

1. All children can behave appropriate
2. Misbehavior is a matter of choice
3. A student will accept responsibility for his/her actions
4. Teachers have a right to teach
5. Students have a right to learn
6. No student will prevent a teacher from teaching or a student from learning

These policies and regulations apply to any student (1) who is on school property, (2) who is in attendance at school or any school-sponsored activity, (3) whose conduct contains the elements of a felony offense regardless of time and place, (4) whose conduct interferes with the mission or operations of any school, or (5) whose conduct jeopardizes the safety and/or well-being of students or employees. Discipline should be directed toward developing the skills necessary for young people to:

1. Cope with real situations
2. Develop good relationships with others
3. Become productive individuals
4. Recognize when their actions are interfering with the right of others
5. Recognize their rights within the limits of society
6. Internalize and choose appropriate behavioral responses

Philosophy of Discipline

For the purpose of clarity throughout this Discipline Policy and Procedures, discipline refers to the behavior or orderly conduct of an individual. It is expected that each school campus will provide appropriate discipline in a safe environment in which all students have the right to learn, and educators have the right to teach, free from disruptions which interfere with the educational process. Each campus will promote:

1. Teaching and modeling of expected behaviors that promote personal responsibility and demonstrate self-discipline;
2. Discipline management which consists of fair and consistent enforcement of rules that ensure the safety, security and education of all members of the school community;
3. A sense of community, with mutual and self-respect shown by all;
4. A positive school climate in which teachers and administrators strive to share a positive rapport with students, parents, and the community; and
5. The democratic process and protection of the rights of individuals.

While every school is responsible to develop their school wide expectations, the Positive Behavior Intervention Support Specialist utilizes the Pierre A. Capdau Charter School education framework to guide student's thoughts and actions by promoting the 5 Student Expectations which are **Respect, Responsibility, Safe, Problem Solvers and Able to Follow Directions**.

Rights of Students

The Responsibility for student conduct within the school rests with the parents and the students. Rules, Regulations, and Violations

The discipline within the school shall be under the supervision of the principal. The principal, along with the positive behavioral support coordinator and the interventionist, will determine appropriate actions or consequences along with/incentive programs for encouraging and recognizing appropriate classroom behavior. Every teacher shall hold every student accountable for any disorderly conduct in school or on the playgrounds of school, on the street or road while going to or returning from school, and during intermission or recess.

The procedure for dealing with disciplinary issues is as follows:

Children who have been subject to classroom level sanctions and are still uncooperative will be referred to the Interventionist. The referral should include a short specific description of the undesirable behavior or behaviors, the frequency of the behaviors, and the interventions attempted. The Interventionist will meet with the child to decipher the situation and determine the correct course of action. If deemed necessary, the interventionist will then contact the parent and set up a conference in an effort to ascertain whether or not the issues are emotional/behavioral or academic. Upon the outcome of the conference, the Interventionist options are as followed:

1. Determine appropriate consequences
2. Refer to the Counselor
3. Refer to the Dean of Students
4. Collaborate along with the PBIS Coordinator to develop a Behavioral Intervention Plan

The interventions are then tracked and documented. In most cases, the undesirable behaviors will extinguish, however, in some cases more serious steps have to be taken. Those consequences include but are not limited to lunch detention (minute increments for lower grades), after-school detention, in school suspension, Saturday school, out of school suspension, and in the most severe cases expulsion.

Children with identified documented exceptionalities are referred to the Educational Diagnostician for an evaluation to determine if the misbehavior is a function of the exceptionality. Children without identified and documented exceptionalities, but who we suspect may indeed have an exceptionality that is affecting their behavior will be referred to the Educational Diagnostician for evaluation.

Prohibited Conduct or Activities

Students are expected to attend all classes regularly and on time, complete all assignments, bring needed materials, return required school forms, conform to all class and school rules, and treat others with respect. Failure to act responsibly and to adhere to the standards of conduct and dress established in this Code will result in consequences. Pierre A. Capdau Charter School will adhere to all provisions of state and federal laws concerning weapon-free school zones. This prohibition will not normally apply to school supplies such as pencils, compasses, and the like, unless they are used in a menacing or threatening manner. The possession or use of articles not generally considered weapons may be prohibited when, in the principal's or designee's judgment, a reasonable apprehension of danger exists to the student in possession, other students, staff, or school property by virtue of possession or use.

A student shall not go onto the school premises or passenger transportation vehicle of the school with a weapon. The student shall not interfere with normal activities, occupancy, or use of any building or portion of the campus by exhibiting, using or threatening to exhibit or use the firearm, explosive weapon, or illegal knife, or any other knife regardless of style or length of blade not approved by the principal.

Assaults

A student commits an assault when he/she intentionally, knowingly, or recklessly causes bodily harm to another; intentionally or knowingly threatens another with imminent bodily injury; or intentionally or knowingly causes physical contact with another person when the student knows or should reasonably believe that the other person will regard the contact as offensive or provocative. A student further commits an assault if he/she intentionally, knowingly, recklessly, or with criminal negligence, engages in conduct that causes serious bodily injury, serious physical or mental deficiency or impairment, disfigurement, deformity, or bodily injury to a child. Students are prohibited from assaulting anyone on school property or at school sponsored or school-related activities. Students are also prohibited from assaulting any employee or volunteer in retaliation for or as a result of the person's employment or association and without regard to whether the assault occurs on or off school property.

Rules Regarding General Conduct

Gangs

These organizations are composed wholly or in part of students of public schools and seek to perpetuate themselves by taking in additional members from the students enrolled in such schools on the basis of the decision of their membership, rather than upon the free choice of any student qualified by the rules of the school to fill the special aims of the organization.

Students are prohibited from pledging, joining, participating in any way, or soliciting any other person to join any fraternity, sorority, secret society, or gang. For the purpose of this Code, "gang" is defined as a group of people who form an allegiance for a common purpose and, collectively or individually, engage in violent, unlawful or criminal activity.

Hazing

No student, with or without consent, shall engage in any form of hazing, nor shall any student encourage or assist any other person in hazing. Acts of hazing and failure to report known hazing or planned hazing can result in criminal penalties, as well as school discipline. Hazing means any intentional, knowing, or reckless act directed against a student occurring on or off the school property, by one person alone or acting with others, that endangers the mental or physical health or the safety of a student for the purpose of being initiated into, affiliating with, holding office in, or maintaining membership in any organization whose members are or include other students. The term includes but is not limited to any type of physical activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or the safety of the student.

Extracurricular Standards of Behavior

Students shall be informed of any extracurricular behavior standards at the beginning of each school year, or in the case of interscholastic athletics and marching band, at the time the students report for work out or practices that occur prior to the actual beginning of classes/ activities. Students and their parents shall sign and return to the sponsor or coach a statement that they have read the extracurricular behavior standards and consent to them as a condition of participation in the activity.

Organizational standards of behavior of an extracurricular activity are independent of the Discipline Policy. Violations of these standards of behavior that are also violations of the Discipline Policy may result in independent disciplinary actions.

Student and Non-School Publications

All publications edited, printed, or distributed in the name of or within one of the District's schools shall be under the control of the school administration.

Tobacco

Use of tobacco products is recognized by medical authorities as a health hazard both to the user, and in some cases, to other individuals in the proximity of the user. Therefore, students are prohibited from using or possessing tobacco products on school premises during any school term or off school premises at a school related activity, function, or event.

Drug/Alcohol Use

The possession and use of illicit drugs and possession and use of alcohol is illegal and harmful. No student shall possess, use, transmit, or attempt to possess, use or transmit, or be under the influence of any of the following substances on school premises during any school term or off school premises at a school-related activity, function or event:

- alcohol or any alcoholic beverage
- any glue, aerosol paint, or any other volatile chemical substance for inhalation
- any other intoxicant, or mood-changing, mind-altering, or behavior-altering drugs, including caffeine pills, and other over-the-counter stimulants and sedatives.

“Use” means a student has smoked, ingested, injected, imbibed, inhaled, drunk or otherwise taken internally a prohibited substance recently enough that it is detectable by the student’s physical appearance, actions, breath, or speech.

“Under the influence” means a student’s faculties are impaired, but the student need not be legally intoxicated.

The transmittal, sale or attempted sale of what is represented to be any of the above-listed substances is also prohibited under this rule.

A student who uses a drug authorized by a licensed physician through a prescription specifically for that student’s use shall not be considered to have violated this rule and the drug must be administered by the school nurse.

A student who violates this provision shall be subject to disciplinary action, which may include suspension or expulsion, referral for prosecution, and completion of an appropriate rehabilitation program.

Paging devices, Beepers, Cellular Phones and Other Forms of Electronic Communication

Paging devices, beepers, cellular phones, and other electronic communication devices are not to be used during the instructional school day. *These devices must be turned in to the office and returned at the end of the instructional day. The device will be locked away for the duration of the day. Absolutely no using cameras or any other video device to record anything or anyone in the school building, on the playground, on the school bus, or on the school campus.*

Students in violation of these guidelines will have the item confiscated and only returned at the end of the regular school year unless the student’s parent comes to the school to retrieve the device. If the student is caught violating this rule again the phone will not be returned for two weeks; it will remain secure and locked in the office until the 2week period has expired and a parent/guardian schedules a time to retrieve the device. A third violation of this rule will force the school to keep the phone until the end of the regular school year. (1st offense – parent must pick up the phone, 2nd offense – parent may pick up the phone after the two week period has expired; which will be noted on the student’s discipline referral, 3rd offense – parent may pick up the phone at the end of the regular school year.)

No student shall be permitted, on school property or on public property within 500 feet of school property, to willfully disrupt, alone or in concert with others, the conduct of classes or other school activities. STUDENT CODE OF CONDUCT

Students violating Pierre A. Capdau Charter School rules of conduct at school or school-sponsored activities shall suffer the disciplinary consequences of their misbehavior. Pierre A. Capdau Charter School rules of conduct apply to all students on school property or at school-related activities except as noted. In general, discipline shall be progressively administered so that penalties increase due to the severity or persistence of the misbehavior. When imposing discipline, Pierre A. Capdau Charter School personnel shall adhere to the following general guidelines:

1. Discipline shall be administered when necessary to protect students, school employees, or property and maintain a positive, safe environment.
2. Students shall be treated fairly and equitably. Discipline shall be based on a careful assessment of the circumstances of each case. The following factors will be considered:
 - seriousness of the offense
 - student’s age
 - frequency of misconduct
 - student’s attitude
 - potential effect of the misconduct on school environment

3. Generally, academic sanctions shall not be used as discipline. However, when the disciplinary infraction is academically related, such as cheating or plagiarism, academic sanctions determined by the teacher may be imposed.
4. Police and other law enforcement authorities may be contacted in situations which appear to involve a violation of the law. Students may be subject to arrest, citations, fines or other sanctions imposed by law enforcement authorities.

The New Beginnings School Foundation Discipline Policy along with Pierre A. Capdau Charter School consists of three categories of misbehaviors and consequences. Each category has an increasing level of intervention designed to assist a student to develop the self-discipline skills that are necessary for responsible student conduct as well as for future functioning in the adult work place.

Category I Misbehaviors

Category I misbehaviors are serious and warrant teacher intervention on the first incident.

Persistent Category I behavior (after 3) can be considered a Category II offense.

Intervention consists of working with a student at the first sign of trouble to promote positive behavior and self-discipline. Often early intervention or correction helps a student avoid further disciplinary actions.

Communication and cooperation are key elements for Category I interventions.

Common Category I misbehaviors include, but are not limited to, the following:

1. tardiness
2. nonconformity to classroom rules
3. loitering/being in wrong or restricted areas of the classroom
4. running, pushing, shoving, littering, throwing objects (which is not part of a supervised activity), or cutting in line
5. producing loud and unnecessary noises
6. eating, drinking, or gum chewing in unauthorized areas
7. taunting other students
8. failure to complete assignments, bring needed materials, or return school forms (progress report, report card, emergency care card, code of conduct attachment, etc.)

12. dress code violation
13. use of offensive language
14. unauthorized possession or use of certain prohibited articles such as paging devices, beepers, cellular phones, other electronic communication devices, radios/cassette players, iPods, electronic games, toys, lighters, matches, laser pointers, etc. Toy guns and/or toy weapons displayed and used in a threatening manner will be a category II offense.
15. gambling
16. class cutting

Category I Consequences

Consequences of Category I misbehaviors include, but are not limited to, the following:

1. verbal reprimand/warning
2. student/teacher conference
3. in-classroom disciplinary action

6. withdrawal of various student privileges (including bus riding, senior activities, computer on-line services, attendance or participation in extra-curricular activities)

Repeated or persistent (after 3) violations of Category I misbehaviors may be considered as Category II misbehaviors.

Category II Misbehaviors

Category II misbehaviors are more severe and/or more persistent than Category I misbehaviors. The student's conduct infringes upon the rights of other students or adults. The student's conduct negatively impacts the educational effectiveness of other

students and the staff. The teacher who is working with the student shall refer the student to the interventionist in order that the parents are contacted to participate in a conference to review Category I interventions that have been attempted. The parent's cooperation will be required in changing the student's behavior, and to inform them of the serious consequences of persistent Category I misbehaviors.

Category II misbehaviors require automatic referral to the Interventionist who will determine appropriate course of action. Students who commit these infractions will be subject to a parent/teacher conference and three individual counseling sessions. In addition, the Positive Behavioral Intervention Support Specialist (PBIS) will execute an Intervention Plan. Parents will be required to attend weekly team meetings to assess their child's behavior until the team makes the determination that the behavior is under control. If parent does not report for conference the student will be placed on ISS (In School Suspension) and recess restriction until parent complies. Students will also attend conflict resolution groups for fighting offenses. Category II behaviors include but are not limited to the following:

Persistent Category II misbehavior becomes a category III offense.

The principal shall immediately notify the COO or designee and ordinarily shall notify the parent or guardian of the student.

In-School Suspension

A special area in the school may be designated as the in-school suspension room (Behavioral Interventionist room) and supervised by the interventionist, administrator, or other designated staff member. In this setting, the student receives, to the extent possible and as determined by the teacher, assignments/instruction in each course with little or no opportunities for social interaction with peers. The intent of this disciplinary action is to deter student misbehavior, reduce incidences of school disruption, and provide students the best educational opportunities possible. The length of time for this action will be determined by the behavior interventionist in conjunction with the principal and the cooperation of the students.

Detention

2. Remove a student from campus for emergency reasons
3. Suspend a student for no more than five days for each separate disciplinary infraction.
4. Recommend a student for expulsion.

Teacher Removals

A teacher has authorization to remove a student under three circumstances:

1. A teacher may send a student to the principal's office in order to maintain effective discipline in the classroom. The principal shall respond by employing appropriate discipline management techniques consistent with New Beginnings School Foundation Discipline Policy.
2. A teacher may remove a student from class when the behavior is **documented by the teacher** to repeatedly interfere with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn. A teacher may also remove a student whose behavior is so unruly, disruptive, or abusive that it seriously interferes with the teacher's ability to communicate effectively with the students in the class or the ability of the student's classmates to learn.
3. A teacher shall remove a student from class and send him/her to the principal and/or the interventionist when a student engages in conduct described under Category III of the Discipline Policy and Procedures. Consequences include discipline actions up to expulsion as deemed appropriate. The student may not be returned to that teacher's class unless the disciplinary review committee determines that such placement is the best and only alternative available.

A suspension may not exceed five school days per occurrence (see preceding page for each disciplinary infraction). Suspended students are prohibited from being on school grounds or attending school-sponsored or school-related extracurricular activities except by special permission.

Scholastic Penalties

If a student is suspended, the student's absence shall be considered an excused absence and the student is responsible to complete the assignments for the period of the suspension. Make-up work from a suspended student shall not be penalized. The number of days the student has to make up the work after returning to school is equal to the length of the suspension.

Pending an appeal of an expulsion, a student will be allowed to remain current on all course work. However, if the appeal is denied, the student will not receive credit for that work.

Students with Disabilities

Students with disabilities are subject to the same discipline rules as non-disabled students, but with accommodations and with the provision of procedural safeguards which is inclusive of a Manifest Determination Review. After the removal of students with disabilities for more than 10 school days, consecutive or cumulative, within a school year for any reason, services must be provided to the student so that he/she has the opportunity to continue to access and progress within the general education curriculum in accordance with his/her IEP and regulations of Free and Appropriate Public Education (FAPE). Procedural safeguards are a set of technical state and federal laws that override all other laws to the contrary.

Notice to Parents and Conference

Before suspending a student, the interventionist and/or principal shall conduct a conference in which the student shall be advised of the charges against him/her and shall be given a chance to explain his/her version of the incident.

The student's parents shall be notified by telephone or other appropriate means as soon as reasonably possible of a suspension.

Appeal Process

A request to appeal a principal's decision to remove a student shall be made in writing to the principal's office at the time of notice of the removal or no more than five (5) days from the notice of disciplinary action.

The principal shall set a term for the expulsion based on the seriousness of the offense and other relevant factors. The expulsion may not extend beyond the end of the school year unless the conduct directly leading to the expulsion occurred during the final grading period of the school year, in which case the expulsion may extend beyond the end of the current school year but not beyond the end of the first semester of the next school year.

A student who brings a firearm to school shall be expelled from all New Beginnings School Foundation for a period of at least one calendar year. The CEO may modify the length of the expulsion in the case of an individual student.

Expelled students are prohibited from being on school grounds or attending school-related extracurricular activities during the period of expulsion.

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay.

The notice shall be in writing and shall advise of the nature of the evidence to be used against the student. The decision shall be based exclusively on evidence presented at the hearing. The final decision shall be communicated promptly to the student and parent. The parent will be notified of:

1. New Beginnings School Foundation
2. Notice of the parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, and
3. Notice of the alternative educational placements available to the student during the time of expulsion

Notice and Representation

At a hearing on expulsion, the student may be represented by any adult of the student's choice. The student and student's representative shall be notified in writing of the date, time, and place of the expulsion hearing at least five days prior to the hearing date. If The New Beginnings School Foundation makes a good faith effort to inform the student and the student's parent or guardian of the time and place of the hearing, The New Beginnings School Foundation will hold the hearing regardless of whether the student, the student's parent or guardian, or another adult representing the student attends.

Expulsion Appeal Policy

The Recovery School District has redesigned our expulsion hearing and appeal process to better meet the needs of families. While all expulsion hearings for charter and direct-run schools will be handled by the Student Hearing Office, per state law, charter boards may choose to hear their own expulsion appeals.

If your school or CMO plans to use its own expulsion appeal policy, you are required to notify the Student Hearing Office. If you intend to conduct your own expulsion appeals, you must provide formal written notification by August 31, 2017. You should direct this notification to Charmain Carter via email at hearingoffice@rsdla.net.

You must also provide documentation explaining your policy and process for handling expulsion appeals. This documentation is due to the RSD no later than September 14, 2017.

All expulsion appeal policies must include the following information:

- Timeline for submission of requests by parents/guardians and overall appeal timeline
- Contact information for board member(s) responsible for arranging appeals
- Location of appeal hearings
- Days and times when appeals will be heard

- Criteria for appeal

We have included a copy of the RSD's expulsion appeal process in order to guide you in developing your own. The Student Hearing Office will review your plan and contact you if it requires further development. If you have any questions, please contact the Student Hearing Office at 504-373-6200 ext. 20041 or hearingoffice@rsdla.net.

Student Dress Code

Students shall observe modesty, appropriateness, and neatness in clothing and personal appearance. A student is not considered appropriately dressed if he/she is a disruptive influence or a distraction in class or at a school-sponsored or school-related activity because of the mode of dress or appearance. Any clothing, cosmetic contact lenses, hair, or style thereof shall not be worn, or allowed to be worn, at school or at school-sponsored or school-related activities if it is a disturbing or distracting influence in class or at school-sponsored or school-related activities and substantially interferes with the purposes of such classes or activities.

Student Hearing Office Expulsion Appeal Policy 2017-2018

A parent/guardian or non-minor student has the opportunity to appeal the disposition of his or her expulsion hearing. **To request an appeal, the parent/guardian or non-minor student must submit their request in writing to the Recovery School District Student Hearing Office within five (5) business days of the hearing.**

Written appeal requests can be submitted electronically to hearingoffice@rsdla.net, by fax to 504-309-3647 or in person at the RSD central office. **Written requests must utilize the RSD Expulsion Request for Appeal Form.** Additional information or evidence may be attached.

In order to appeal an expulsion, a student must be enrolled in and regularly attending classes at their designated alternative education placement.

Appeal Process

Within five (5) business days of submitting the RSD Expulsion Request for Appeal form, the parent/guardian or non-minor student will be contacted by the Student Hearing Office to schedule the appeal. Appeals will be conducted at the RSD central office during regular business hours.

Parent/guardian, student, and advocates are permitted to attend appeals. Witnesses will not be allowed to testify at the appeal. Expelling schools will be provided a copy of the completed RSD Expulsion Request for Appeal Form and notified if its input is needed. All evidence from the original hearing will be available for the appeal.

Appeals will be conducted by a designee of the RSD Superintendent.

Appeal Determination

At the conclusion of the appeal, the parent/guardian or non-minor student will be provided a timeframe by which he or she will receive a written determination regarding the appeal.

The finding of the appeal is final.

Overtured Expulsions

Should the finding of the RSD Hearing Officer be modified or over-turned, the RSD will convene a conference with all parties present (expelling school, student, and parent/guardian) to determine a placement for that student. Students whose expulsions are overturned have the right to return to their sending school. However, the student must continue attending their alternative education placement until the conference is completed.

Students with Disabilities under IDEA and Section 504

A student with a disability shall not be expelled unless the RTI team first determines that the misbehavior is not a manifestation of the student's disability. This applies to both special education students and students who exhibit characteristics of a disability and receive accommodations via an Individual Accommodation Plan (IAP). The manifestation determination should be made by those familiar with the child. A member of the exceptional Student Services administrative staff must be in attendance at the manifestation determination meeting.

Emergency Expulsion

A principal or the principal's designee may order an immediate expulsion if he or she reasonably believes the action is necessary to protect persons or property from imminent harm.

The student and/or parent will be given oral notice of the reason(s) for the emergency expulsion.

Within a reasonable time, a full expulsion hearing will occur.

Pierre A. Capdau has a policy prohibiting discrimination against students or employees in programs, employment or assignments because of race, color, religion, disability or national origin.

SCHOOL BREAKFAST AND LUNCH POLICIES

Overview of the Programs – Students are provided with meals in accordance with the provisions of the National Child Nutrition Act. Breakfast and lunch are offered to students at schools in New Beginnings School Foundation. The nutritional goal of the school lunch program is to provide one-third of the Recommended Dietary Allowance (RDA) for children of each age/grade group. Breakfast will meet approximately one-fifth of nutritional needs. It is the policy of the New Beginnings School Foundation Food Services Department to attempt to serve the highest quality meals at the lowest possible charge to the student.

The menus are planned with consideration given to food preferences by students, federal and state regulations of the School Breakfast and Lunch Programs, and the availability of USDA commodities.

Free and Reduced Price Meals – The Free and Reduced Meal Program is available to families as set forth by federal and state policy which mandates that nutritious meals be available to students at schools regardless of the family’s ability to pay. Students are supplied with a free/reduced meal application on the first day of school. If eligibility is determined by direct certifications, parents will be notified as to eligibility on the first day of school.

Collection Procedures For Meals – Meal payments are collected by cafeteria personnel at individual schools. Questions concerning meal payments can best be answered by contacting the school’s cafeteria manager.

All provisions required to be included in a management plan are part of this plan, as well as any information that has been revised to bring the plan up-to-date. The New Beginnings School Foundation maintains and updates the plan to keep it current with ongoing operations and maintenance, periodic surveillance, inspection, re-inspection, and response action activities. **A copy of this school's Management Plan is on file in the administrative office and is available without cost or restriction, for inspection during regular school hours.**

Pierre A. Capdau Charter School Parental Involvement Policy

Pierre A. Capdau Charter School recognizes that in order for students to succeed in school and later in life, schools, families, and the community must work together. Pierre A. Capdau Charter School aggressively seeks effective partnerships between families, the schools and the community. Research shows that when each of these entities is involved in children's education, their attitude, behavior and achievement is positively enhanced. Providing the children of Pierre A. Capdau Charter School equal access to a quality education is our top priority. At the start of each school year a school-parent compact which outlines how the school, the teacher, the parent and the student will share in the responsibility for improved student achievement is signed, binding the commitment by all involved. Parent involvement is the interaction between schools and families and the degree to which families are engaged in the educational lives of their children. It is relationships built on mutual trust and meaningful two-way communication. Parent refers to any caregiver who assumes responsibility for nurturing and supporting children, including grandparents, aunts, uncles, foster parents, stepparents, etc. Title 1 of the Elementary and Secondary Education Act (ESEA) of 1965 addresses the educational challenges facing high-poverty communities. The federal Title 1 program was designed to ensure that all students have a fair and significant opportunity to obtain a high quality education and, at a minimum, reach proficiency on challenging state academic achievement standards and assessments. Presently, when most people refer to Title 1, they are actually talking about Title 1, Part A of the No Child Left Behind Act of 2001 (NCLB). Part A, Improving the Academic Achievement of the Disadvantaged Program, is one of the most well-known parts of federal education law. This law is based on four principles that provide a framework through which families, educators and communities can work together to improve teaching and learning. These principles are: accountability for results, local control and flexibility, expanded parental choice, and effective and successful programs.
